

**July 29 – August 1, 2024
in Chicago, IL**

DxPx is part of

ADLM Association for
Diagnostics &
Laboratory Medicine™

About DxPx

The DxPx Industry & Investor Partnering Conference is the only dedicated healthtech & medtech conference focusing on Diagnostics, Digital Health, Precision Medicine, and Life Science Tools.

Our founders, having personally built companies in this field, recognized these areas as underrepresented at partnering conferences where the majority of investors focus on other life sciences fields such as therapeutics and biotech.

Hosting DxPx as an official partner of ADLM directly on the ADLM 2024 expo floor offers our participants more benefits than ever before.

We look forward to meeting you in person in Chicago!

Dr. Mirko Stange
Founder & Initiator, DxPx & 42plus1

Why attend DxPx US 2024?

- **Startups:** Network right in the heart of the ADLM 2024 and meet in-person with early-stage investors
- **Investors:** Meet with exciting startups for your deal flow as well as network with strategics and investment banks to facilitate potential.
- **Industry Partners:** Technology scout the conference and have the opportunity to present a “reverse-pitch” to startups from the main stage.
- **Special offer for ADLM 2024 exhibitors:** Claim your free DxPx ticket before February 15th to send a technology scout or member of your licensing or M&A

teams to DxPx at no cost. Or join us as a sponsor to gain access to private partnering rooms.

**DxPx US: July 29 – August 1, 2024,
Chicago, USA**

Secure your Booth or Speaker Slot

- All startups exhibiting at the DxPx Startup City or presenting on the DxPx stage will be promoted by ADLM to 15,000 visitors at no additional cost.
- All DxPx booths are listed as part of the ADLM 2024 floor plan.
- Entire DxPx Startup City is open to ADLM 2024 traffic without additional registration.

Join DxPx as part of ADLM 2024 and benefit from exposure to investors, industry partners, and ADLM 2024 visitors
